**Status of this document.** This Policy is an internal document of FinTrust Bank Limited. It states the Bank's own standards and the manner in which its staff are required to act. It is not a contract with any customer and does not by itself create rights enforceable against the Bank. The contractual relationship between the Bank and a customer is governed by the account terms and conditions accepted at account opening. Where the terms and conditions are silent, or are less favourable to the customer than this Policy, this Policy shall guide the Bank's conduct.

**Monetary references.** All amounts are expressed in Indian Rupees and are indicative for the purposes of this Policy. Prevailing rates, charges and limits are those published in the current Schedule of Charges at branches and on the Bank's website, which shall prevail over the indicative figures reproduced in this document.

**Interpretation.** Words importing the singular include the plural and words importing one gender include every gender. A reference to a Section is a reference to a Section of this Policy. Headings are for convenience only and do not affect interpretation.

# 1. Purpose and Objectives

---

## 1.1 Purpose

This Salary Account Policy ("the Policy") establishes the principles, standards and operating rules governing the offering, opening, maintenance, servicing and closure of salary accounts by FinTrust Bank Limited ("FinTrust" or "the Bank"). A salary account is a savings deposit account opened for an employee of an empanelled employer, into which the employee's remuneration is credited, and which carries concessional terms for so long as those credits continue.

## 1.2 Relationship with the Savings Account Policy

A salary account is a variant of savings account, designated SB-SAL in the product catalogue of the Savings Account Policy. That policy applies to salary accounts in its entirety. This Policy states the additional and modified provisions that apply by reason of the employer relationship. Where a provision of this Policy differs from the Savings Account Policy, this Policy prevails in respect of salary accounts.

## 1.3 Objectives

- To ensure that the concessional terms of a salary account are extended only while the underlying employment relationship and salary credits subsist, and are withdrawn in an orderly and adequately notified manner when they do not.
- To ensure that the employer relationship, which is the source of the account, does not compromise the Bank's direct duties to the employee, who is the customer.
- To ensure that the employee is never obliged to hold a salary account with the Bank against the employee's wishes, and that the choice of bank remains the employee's.
- To ensure that personal data received from an employer is handled lawfully and used only for the purposes for which it was furnished.
- To provide a clear framework for bulk onboarding without diluting the standard of customer due diligence.
- To provide unambiguous guidance on the recovery of erroneous salary credits, which is the most frequent source of dispute in salary banking.

## 1.4 Guiding Principles

**The employee is the customer.** The employer is a channel and a counterparty, not the customer. No instruction of an employer shall be given effect against the interests of the employee except as expressly permitted by Section 16.

**Consent is individual.** The employer's mandate procures the introduction; it does not substitute for the employee's own consent to the account relationship, to the products bundled with it, or to the use of the employee's data.

**Concessions are conditional but not abrupt.** Where a concession is withdrawn, the employee shall receive notice, an explanation and a reasonable period in which to respond.

**No coercion.** Staff shall not represent to an employee that the employee is required to open or retain an account with the Bank.

## 2. Scope and Applicability

---

### 2.1 Scope

This Policy applies to all salary accounts denominated in Indian Rupees and maintained with any domestic branch of FinTrust Bank Limited, to all salary account variants listed in Section 5, and to the empanelment and conduct of employer relationships under which such accounts are sourced.

### 2.2 Persons Bound by the Policy

The Policy binds all employees of the Bank, all business correspondents, direct selling agents and outsourced service providers engaged in relation to salary account acquisition or servicing, and all third parties operating branded or co-branded FinTrust salary banking channels. Obligations placed on employers under this Policy shall be incorporated into the corporate salary agreement executed under Section 6.

### 2.3 Exclusions

This Policy does not govern:

- Savings accounts other than salary accounts, which are governed by the Savings Account Policy.
- Current accounts of the employer, which are governed by the Current Account Policy.
- Credit facilities extended to employees other than the overdraft in Section 14, which are governed by the Credit Policy.
- Payroll processing services provided to an employer as a transaction banking product, which are governed by the Transaction Banking service terms. The credit of salary into an employee's account under such a service is nonetheless governed by Section 10.
- Accounts of pensioners, which are governed by the Pension Account Policy. Where an employee retires and elects to receive pension into the same account, the account shall be redesignated under that policy.

### 2.4 Conflict and Precedence

In the event of conflict between this Policy and any statutory provision, regulatory direction or judicial order, the latter shall prevail and the Policy shall be deemed amended to that extent from the date the external requirement takes effect. In the event of conflict between this Policy and any internal circular, this Policy shall prevail unless the circular expressly records that it has been approved as an amendment under Section 22.

### 3. Definitions

---

**Corporate Salary Agreement** means the written agreement between the Bank and an employer under which salary accounts are opened for the employer's employees, executed in the form approved by Legal.

**Concessional Terms** means the terms applicable to a salary account that are more favourable than those applicable to a Regular Savings account, including the absence of a minimum balance obligation and the waiver of specified charges.

**Employer** means an entity empanelled under Section 6 whose employees are eligible for salary accounts, and includes a government department, statutory body or public sector undertaking.

**Employee Master** means the file furnished by an employer containing the particulars of employees for whom accounts are to be opened or into whose accounts salary is to be credited.

**Erroneous Credit** means an amount credited to a salary account by or on behalf of an employer which the employer asserts was not due to the employee, in whole or in part.

**Empanelment Category** means the classification assigned to an employer under paragraph 6.4, which determines the concessions available to its employees.

**Last Salary Credit Date** means the date of the most recent credit identified as salary under paragraph 10.2.

**Salary Credit** means a credit to the account identified as remuneration in accordance with paragraph 10.2.

**Salary Upload File** means the electronic file submitted by an employer instructing the Bank to debit the employer's account and credit the accounts of named employees.

**Reclassification** means the conversion of a salary account to a Regular Savings account under Section 11.

## 4. Governance and Regulatory Framework

### 4.1 Regulatory Basis

Salary accounts are savings deposit accounts and are subject to the same regulatory framework, including directions relating to interest rates on deposits, customer identification, anti-money laundering, customer protection, deposit insurance and the treatment of unclaimed deposits. The concessional character of a salary account does not diminish any protection available to the customer.

### 4.2 Policy Ownership

The Salary Banking vertical within the Retail Liabilities Group is the owner of this Policy. The Head of Retail Liabilities is accountable for its accuracy, currency and internal consistency, and for its alignment with the Savings Account Policy.

### 4.3 Approval Authority

This Policy is approved by the Board of Directors on the recommendation of the Risk Management Committee. Board approval is required for the adoption of the Policy, for any amendment to Sections 1, 2, 6, 16 and 22, and for the introduction or withdrawal of a salary account variant. The Product and Pricing Committee may approve the empanelment category criteria in paragraph 6.4, the Schedule of Charges under Section 12, the benefit bundles under Section 13 and the transaction limits under Section 15.

### 4.4 Three Lines of Defence

| Line   | Function                                                        | Primary responsibility                                                                 |
|--------|-----------------------------------------------------------------|----------------------------------------------------------------------------------------|
| First  | Branches, salary banking relationship teams, payroll operations | Correct application of the Policy; empanelment diligence; file processing controls     |
| Second | Compliance, Risk, Product, Legal                                | Policy design, agreement templates, monitoring, thematic testing, exception governance |
| Third  | Internal Audit                                                  | Independent assurance on design adequacy and operating effectiveness                   |

### 4.5 Exceptions

Any departure from a provision of this Policy constitutes an exception and requires prior written approval from the authority specified in Section 22. Exceptions shall be recorded in the Exception Register maintained by Compliance, shall specify a validity period not exceeding twelve months, and shall be reported in aggregate to the Risk Management Committee each quarter. No exception may be granted to paragraph 1.4, to Section 16 or to paragraph 21.3.

## 5. Salary Account Variants

### 5.1 Product Catalogue

| Code    | Variant                    | Eligible on                                              | Free overdraft multiple |
|---------|----------------------------|----------------------------------------------------------|-------------------------|
| SAL-STD | FinTrust Salary Standard   | Net monthly salary below Rs. 40,000                      | Nil                     |
| SAL-PLS | FinTrust Salary Plus       | Net monthly salary Rs. 40,000 to Rs. 1,00,000            | 1x net monthly salary   |
| SAL-PRM | FinTrust Salary Premium    | Net monthly salary above Rs. 1,00,000                    | 2x net monthly salary   |
| SAL-GOV | FinTrust Salary Government | Employees of government departments and statutory bodies | 1x net monthly salary   |
| SAL-DEF | FinTrust Salary Defence    | Serving and retired defence personnel                    | 2x net monthly salary   |

No variant carries a minimum balance obligation while the account retains salary account status under Section 11.

### 5.2 Assignment of Variant

The variant is assigned on the basis of the net monthly salary declared in the Employee Master, and is reviewed at the end of each financial year against the salary credits actually received during that year. An upward revision takes effect from the first day of the month following the review. A downward revision takes effect from the first day of the second month following the review, and the employee shall be notified thirty days in advance.

### 5.3 Defence Variant

The Defence variant is available under specific arrangements with the armed forces and paramilitary organisations. It continues after retirement where the retiree elects to receive pension into the account, in which case the account is governed jointly by this Policy and the Pension Account Policy. Charges shall not be levied on a Defence variant account without the approval of the Head of Retail Liabilities.

### 5.4 Second Salary Account

An employee may hold only one salary account with the Bank. Where an employee changes employment and the new employer is also empanelled, the existing account shall be retagged to the new employer under Section 17 rather than a second account being opened. Where an employee holds a Regular Savings account and subsequently becomes eligible for a salary account, the existing account may be converted rather than a new account opened, at the employee's option.

## 6. Employer Empanelment

### 6.1 Requirement of Empanelment

A salary account shall not be opened except for an employee of an employer empanelled under this Section, and except under a subsisting Corporate Salary Agreement.

### 6.2 Empanelment Due Diligence

Before an employer is empanelled, the Bank shall verify its legal existence and constitution, identify its beneficial owners in accordance with the Current Account Policy, verify its standing from credit information sources, satisfy itself as to the number and nature of its employees, and confirm that it is not subject to any disqualification under paragraph 6.6. The diligence shall be recorded in the empanelment file.

### 6.3 Corporate Salary Agreement

The agreement shall record the empanelment category, the variants available to the employer's employees, the benefit bundle, the mechanism by which the Employee Master and salary upload files are exchanged, the security and authentication arrangements, the confidentiality obligations of both parties, the employer's obligations in relation to employee consent under paragraph 9.3, the process for claw-back under Section 16, the notice period for termination, and the treatment of accounts on termination.

### 6.4 Empanelment Categories

| Category   | Indicative criteria                                                                                                 | Concessions available                                               |
|------------|---------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------|
| Category A | Listed companies, government bodies, public sector undertakings, multinational entities, or 1,000 or more employees | Full benefit bundle; all variants; highest overdraft multiple       |
| Category B | Established entities with 100 to 999 employees and three years of operating history                                 | Standard benefit bundle; all variants except Premium overdraft      |
| Category C | Entities with fewer than 100 employees or less than three years of operating history                                | Basic benefit bundle; Standard and Plus variants only; no overdraft |

Assignment to a category is made by the Salary Banking vertical and reviewed annually. Assignment to Category A of an employer not meeting the indicative criteria requires the approval of the Head of Retail Liabilities with reasons recorded.

### 6.5 Employer Obligations

The agreement shall oblige the employer to:

- Furnish accurate employee particulars and to correct them promptly when notified of an error.
- Obtain each employee's consent before furnishing the employee's particulars to the Bank, and to retain evidence of that consent.
- Inform the Bank within seven days of the cessation of employment of any employee holding a salary account.
- Refrain from representing to employees that they are obliged to open or retain an account with the Bank.

- Maintain the confidentiality of any information received from the Bank about its employees' accounts, and to seek no such information other than confirmation that an account exists and is capable of receiving credits.

## **6.6 Disqualification and Termination**

An employer shall not be empanelled, and an existing empanelment shall be terminated, where the employer is classified as a wilful defaulter, is subject to an insolvency or winding-up proceeding, has been found to have furnished false particulars, or has breached paragraph 6.5 and has not remedied the breach within thirty days of notice. Termination of empanelment does not affect the accounts of employees, which shall be dealt with under Section 11.

## **6.7 Review**

The Salary Banking vertical shall review each empanelment annually, covering the employer's standing, the salary credit pattern, the proportion of employee accounts that have become inoperative, complaint volumes attributable to the relationship, and compliance with paragraph 6.5. The outcome shall be recorded and, where adverse, referred to the Head of Retail Liabilities.

## 7. Eligibility of Employees

---

### 7.1 Eligible Persons

A salary account may be opened for an individual who is named in the Employee Master of an empanelled employer, who is eighteen years of age or above, and who is otherwise eligible to hold a savings account under the Savings Account Policy.

### 7.2 Ineligible Persons

A salary account shall not be opened for:

- A person not named in the Employee Master, or named in a file whose authenticity has not been established under paragraph 9.2.
- A person engaged by the employer other than as an employee, including a consultant, contractor or vendor, unless the employer confirms that the person receives regular remuneration through payroll and the Regional Head approves.
- A minor.
- A person appearing on a designated sanctions list, or with whom the Bank is prohibited from dealing.
- A person who declines to complete the due diligence required under Section 8.

### 7.3 Voluntary Participation

Inclusion in an Employee Master does not oblige an employee to open an account. Where an employee declines, the Bank shall record the declination, shall not open an account, and shall not report the identity of the declining employee to the employer beyond what is necessary to explain that no account exists.

### 7.4 Joint Holders

A salary account may be held jointly with a spouse, parent, child or sibling of the employee, on either or survivor or former or survivor terms. The employee shall be the first-named holder. The addition of a joint holder does not alter the eligibility of the account, and the concessional terms remain referable to the employee alone.

### 7.5 Existing Customers

Where a person named in an Employee Master already holds a savings account with the Bank, the Bank shall offer conversion of that account under paragraph 5.4 rather than open a new one, unless the employee requests otherwise. Conversion preserves the account number, the nomination, the standing instructions and the transaction history.

## 8. Account Opening and Customer Due Diligence

---

### 8.1 Standard of Due Diligence

The standard of customer due diligence applicable to a salary account is identical to that applicable to any other savings account. Neither the existence of the Corporate Salary Agreement, nor the employer's confirmation of the employee's particulars, nor the fact that the account is opened in bulk, reduces the standard. In particular, the employer's confirmation is not a substitute for verification of the employee's identity from an independent and reliable source.

### 8.2 Documentation

The employee shall furnish an officially valid document establishing identity and address, a recent photograph, a specimen signature, the permanent account number or the prescribed declaration in lieu, and contact details including a mobile number. The employer shall furnish confirmation of employment in the form annexed to the Corporate Salary Agreement.

### 8.3 Verification

Verification may be undertaken through physical examination of originals, through electronic verification against an authorised database, or through video-based identification. Where accounts are opened at an employer's premises under paragraph 9.4, verification shall be completed at the premises by an officer of the Bank, and the officer shall record the method used and attest to it. Verification shall not be delegated to the employer or to its personnel in any circumstances.

### 8.4 Risk Categorisation

Employees of Category A employers shall ordinarily be categorised as low risk. Employees of Category B and Category C employers shall be categorised in accordance with the standard methodology in the Savings Account Policy. Categorisation as low risk by reason of the employer's category shall be reviewed where the account's transaction pattern is inconsistent with a salary account profile.

### 8.5 Politically Exposed Persons

Where an employee is a politically exposed person, or a close relative or associate of one, enhanced due diligence shall be applied notwithstanding the employer's empanelment category, and acceptance of the relationship shall be approved by an officer not below the rank of Assistant Vice President.

### 8.6 Nomination

Nomination shall be actively offered at account opening and shall be recorded within two business days. Where the employee declines, the declinature shall be recorded in writing and signed. The Bank shall remind employees who have not nominated at least once every two years. The Bank shall not seek or accept a nomination instruction from the employer.

### 8.7 Activation and Welcome Communication

The account shall be activated on completion of due diligence and a welcome communication issued within two business days, setting out the account number, the variant, the concessional terms and the conditions on which they subsist, the consequences of reclassification under Section 11, the benefit bundle under Section 13, the transaction limits, and the grievance escalation matrix. The communication shall be addressed to the employee directly and not routed through the employer.

## 9. Bulk Onboarding and Employer-Sourced Data

---

### 9.1 Bulk Onboarding

Where an employer requires accounts to be opened for a number of employees, the Bank may accept an Employee Master and open accounts in bulk. Bulk onboarding is an operational convenience and does not alter any substantive requirement of this Policy or of the Savings Account Policy.

### 9.2 Authenticity of the Employee Master

The Employee Master shall be received only through the channel and in the format specified in the Corporate Salary Agreement, shall be authenticated in the manner specified, and shall be accompanied by a control total of records. A file that fails authentication or whose control total does not reconcile shall be rejected in its entirety and the employer notified within one business day. A rejected file shall not be partially processed.

### 9.3 Consent of the Employee

The Bank shall not open an account for any person named in an Employee Master until that person has personally completed the account opening form and given consent to the opening of the account. The employer's submission of the person's particulars is not consent. Where the employer has furnished particulars of a person who has not consented, those particulars shall be used only to make contact with the person, shall not be used for any other purpose, and shall be deleted within ninety days if the person does not proceed.

### 9.4 Onboarding at Employer Premises

Where onboarding is conducted at the employer's premises, the following shall be observed:

- Documentation and verification shall be conducted by an officer of the Bank, in a space in which the employee can complete the form without being observed by the employer's personnel.
- No representative of the employer shall be present when the employee completes the form or gives instructions.
- The employee shall be given the terms and conditions and the Schedule of Charges before signing.
- Declinature shall be as readily available as acceptance, and no record of declinature shall be shared with the employer.

### 9.5 Use of Employer-Sourced Data

Data received from an employer shall be used only for the purposes of opening and operating the salary account and providing the benefits bundled with it. It shall not be used for the marketing of other products unless the employee has separately consented, and shall not be shared with any group entity or third party except as permitted under paragraph 21.2. Salary particulars received from an employer shall not be used to assess the employee for any credit product other than the overdraft in Section 14 without the employee's express consent.

### 9.6 Accuracy and Correction

Where the Bank becomes aware that a particular received from an employer is incorrect, it shall correct its records on the basis of evidence furnished by the employee, and shall not require the employee to procure a correction from the employer as a precondition. The Bank shall inform the employer of the correction only where the correction relates to a particular the employer is required to hold accurately.

## 9.7 Retention

Employee Masters and salary upload files shall be retained for five years from the date of receipt. Files containing particulars of persons who did not proceed to open an account shall be purged of those particulars within ninety days in accordance with paragraph 9.3.

## 10. Salary Credit Processing

---

### 10.1 Processing of Salary Upload Files

A salary upload file shall be processed on the value date specified in it, subject to the file being authenticated under paragraph 9.2 and to sufficient funds being available in the employer's account. The Bank shall not process a file in part. Where funds are insufficient for the whole file, the file shall be held and the employer notified within one hour of the cut-off time, and shall lapse if funds are not received by the close of the next business day.

### 10.2 Identification of a Salary Credit

A credit shall be identified as a salary credit where it arises from a salary upload file of the employer to which the account is tagged, or where it is received through an electronic payment channel from the employer's account bearing a narration identifying it as remuneration. A credit from any other source, including a credit from the employer that is not so identified, shall not count as a salary credit for the purposes of Section 11, but may be recognised as such on the employee's request supported by evidence.

### 10.3 Value Dating and Availability

Salary credited under a salary upload file shall be available to the employee for withdrawal immediately on credit. The Bank shall not apply a hold, a clearing period or a value date later than the date of credit. Where a credit is delayed by reason attributable to the Bank, compensation shall be paid to the affected employee at the rate of Rs. 200 per day of delay, credited automatically without the employee having to claim it.

### 10.4 Alerts

An alert shall be sent to the employee on every salary credit, stating the amount and the value date. The Bank shall not include in the alert any particular of the salary computation received from the employer.

### 10.5 Partial and Irregular Credits

Salary account status is not affected by variation in the amount of salary credits, by a credit representing arrears or a bonus, or by the absence of a credit in a month in which the employee was on leave without pay, provided that a credit identified under paragraph 10.2 is received within the period in paragraph 11.2.

### 10.6 Failure of Credit

Where a credit within a salary upload file fails because the named account does not exist, is closed or is frozen, the amount shall be returned to the employer's account on the same day and the employer notified. The Bank shall not hold the amount in suspense beyond the day of processing, and shall not apply it to any other account of the employee without the employee's instruction.

## 11. Salary Account Status and Reclassification

---

### 11.1 Conditions of Status

An account retains salary account status, and with it the concessional terms, for so long as salary credits identified under paragraph 10.2 continue to be received and the employer's empanelment subsists.

### 11.2 Cessation of Credits

Where no salary credit is received for a continuous period of three months, the account shall be reclassified as a Regular Savings account. Before reclassification takes effect:

- The employee shall be notified thirty days in advance, through the registered communication channels, in a communication that states the date on which reclassification will take effect, the balance obligation that will then apply, the charges that will then become leviable, and the benefits that will lapse.
- The employee shall be informed that reclassification will be reversed without charge if a salary credit is received before the effective date, or if the employee produces evidence within thirty days after that date that the employment subsists and the interruption in credits was temporary.
- The employee shall be offered the alternative of migrating to a Basic Savings account, which carries no balance obligation, and the offer shall be made in the same communication.

### 11.3 Termination of Empanelment

Where an employer's empanelment terminates, the accounts of its employees shall not be reclassified for a period of ninety days from the date of termination. During that period the Bank shall notify each affected employee, explain the position, and offer the alternatives in paragraph 11.2. Concessional terms shall subsist throughout the ninety-day period.

### 11.4 Effect of Reclassification

On reclassification the account becomes a Regular Savings account governed wholly by the Savings Account Policy. The account number, nomination, standing instructions, debit card and transaction history are unaffected. The minimum balance obligation applies from the first full calendar month following reclassification, and no non-maintenance charge shall be levied in respect of any earlier month.

### 11.5 Restoration

Where salary credits resume, whether from the same or a different empanelled employer, salary account status shall be restored with effect from the date of the credit, on the employee's request or automatically where the Bank identifies the credit under paragraph 10.2. Any non-maintenance charge levied in respect of a month in which a salary credit was in fact received shall be refunded without the employee having to claim it.

### 11.6 Prohibition on Retrospective Charges

No charge shall be levied retrospectively in respect of a period during which the account held salary account status, whether on reclassification or otherwise.

## 12. Schedule of Charges

### 12.1 Principles

Charges shall be reasonable, shall bear a demonstrable relationship to the cost of the service, and shall be disclosed before the service is availed. The full Schedule of Charges shall be provided to the employee at account opening, displayed at branches and published on the Bank's website. No charge shall be levied for a service the employee has not requested or consented to.

### 12.2 Charges Waived While Salary Status Subsists

| Service                                | Standard         | Plus            | Premium        |
|----------------------------------------|------------------|-----------------|----------------|
| Minimum balance obligation             | Nil              | Nil             | Nil            |
| Non-maintenance charge                 | Not applicable   | Not applicable  | Not applicable |
| Debit card annual fee                  | Nil              | Nil             | Nil            |
| Cheque book, 25 leaves                 | 2 free per year  | 4 free per year | Unlimited      |
| ATM transactions at other banks        | 5 free per month | Unlimited       | Unlimited      |
| Duplicate statement                    | Rs. 50           | Nil             | Nil            |
| Balance certificate                    | Rs. 100          | Nil             | Nil            |
| Standing instruction failure           | Rs. 200          | Rs. 200         | Nil            |
| Account closure, any time              | Nil              | Nil             | Nil            |
| Fund transfer, all electronic channels | Nil              | Nil             | Nil            |

### 12.3 Charges on Reclassification

On reclassification under Section 11, the charges applicable to a Regular Savings account become leviable prospectively. The employee shall be given the schedule of those charges in the notification issued under paragraph 11.2.

### 12.4 Notice of Revision

Any new charge or increase in an existing charge shall be notified to affected employees at least thirty days in advance. An employee who does not accept a revision may close the account within sixty days without charge. Revisions shall be notified to employees directly and not through the employer.

### 12.5 Charges Recoverable from the Employer

Charges for payroll processing services availed by the employer shall be recovered from the employer and shall not in any circumstances be recovered from an employee's account.

## 13. Bundled Benefits

### 13.1 Benefit Bundles

The benefits bundled with a salary account depend on the empanelment category of the employer and the variant of the account. Bundles are specified in the Corporate Salary Agreement and in the welcome communication, and may be revised by the Product and Pricing Committee with thirty days' notice.

| Benefit                               | Category A       | Category B       | Category C   |
|---------------------------------------|------------------|------------------|--------------|
| Personal accident cover               | Rs. 20,00,000    | Rs. 10,00,000    | Rs. 2,00,000 |
| Air accident cover                    | Rs. 50,00,000    | Rs. 20,00,000    | Nil          |
| Preferential rate on retail loans     | 0.25% concession | 0.15% concession | Nil          |
| Waiver of processing fee on home loan | Full             | 50%              | Nil          |
| Locker rental concession              | 25%              | 15%              | Nil          |
| Dedicated relationship desk           | Yes              | Yes              | No           |

### 13.2 Insurance Cover

Personal accident and air accident covers are provided under a group policy taken by the Bank with an insurer. The following shall be disclosed to the employee at account opening and in every annual communication:

- The name of the insurer and the policy under which the cover is provided.
- The conditions on which the cover subsists, including any requirement of a salary credit within a stated period preceding the event.
- The exclusions under the policy.
- The procedure for making a claim, and the fact that the claim lies against the insurer.
- That the cover lapses on reclassification of the account under Section 11.

The Bank is not the insurer and does not underwrite the risk. The Bank shall assist the employee or the employee's dependants in filing a claim and shall not charge for that assistance.

### 13.3 No Bundling of Chargeable Products

No product carrying a charge or a premium payable by the employee shall be bundled with a salary account or opened as part of the account opening process. Any such product shall be offered separately, with separate disclosure and separate written consent obtained after the account has been opened.

### 13.4 Continuation of Benefits

Benefits subsist while salary account status subsists. On reclassification, benefits lapse from the effective date of reclassification, and the employee shall be told so in the notification under paragraph 11.2. On restoration of status under paragraph 11.5, benefits are restored prospectively; any waiting period under the group insurance policy applies afresh, and this shall be disclosed.

## 14. Overdraft Against Salary

---

### 14.1 Nature of the Facility

An overdraft against salary is a credit facility linked to the salary account, sanctioned in accordance with the Credit Policy. This Section states the provisions specific to salary accounts; the Credit Policy governs the facility in all other respects.

### 14.2 Eligibility and Limit

The facility may be sanctioned to an employee of a Category A or Category B employer who has received salary credits in at least three consecutive months preceding the application. The limit shall not exceed the multiple of net monthly salary specified for the variant in paragraph 5.1, subject to an absolute ceiling of Rs. 5,00,000.

### 14.3 Consent

The facility shall not be activated without the employee's express written or authenticated electronic consent, obtained after disclosure of the rate of interest, the manner of computation, the charges, the review date and the consequences of default. Pre-approved limits shall not be activated by default, and an offer of a pre-approved limit shall not be included in the account opening documentation.

### 14.4 Interest and Charges

Interest shall be charged only on the amount and for the period actually utilised, computed on the daily outstanding balance, and shall be debited monthly. No commitment charge shall be levied on an unutilised limit. The rate of interest and the basis of computation shall be shown in every account statement in which interest is debited.

### 14.5 Appropriation of Salary Credits

Where the account is overdrawn, a salary credit shall be appropriated first towards the overdraft. The Bank shall not appropriate the whole of a salary credit where doing so would leave the employee without funds; a minimum of twenty-five per cent of the salary credit, or Rs. 10,000, whichever is higher, shall remain available to the employee. The balance of the overdraft shall be recovered from subsequent credits.

### 14.6 Effect of Reclassification

On reclassification under Section 11, the overdraft facility shall be reviewed by the sanctioning authority within thirty days. The facility shall not be recalled without thirty days' written notice, and the employee shall be offered a schedule for repayment of the outstanding amount over a period of not less than six months.

### 14.7 Prohibition on Set-Off Against Employer Claims

The Bank shall not exercise any right of set-off in respect of a claim of the employer against the employee. Section 16 governs the recovery of erroneous credits, and no other employer claim shall be given effect against the account.

## 15. Operations, Channels and Transaction Limits

### 15.1 Mode of Operation

A salary account is operated by the employee, or by the employee together with a joint holder in accordance with the recorded mandate. The employer has no authority to operate the account, to obtain a statement, to block or unblock it, or to give any instruction in respect of it, save as expressly provided in Section 16.

### 15.2 Indicative Transaction Limits

| Channel                    | Standard     | Plus          | Premium       |
|----------------------------|--------------|---------------|---------------|
| ATM cash withdrawal        | Rs. 25,000   | Rs. 50,000    | Rs. 1,00,000  |
| Debit card purchase        | Rs. 1,00,000 | Rs. 2,00,000  | Rs. 5,00,000  |
| Internet banking transfer  | Rs. 5,00,000 | Rs. 10,00,000 | Rs. 25,00,000 |
| Unified payments interface | Rs. 1,00,000 | Rs. 1,00,000  | Rs. 1,00,000  |
| Branch cash withdrawal     | Rs. 2,00,000 | Rs. 5,00,000  | Rs. 10,00,000 |

An employee may reduce any limit through the digital channels at any time. Requests to increase a limit are subject to verification.

### 15.3 Cooling Period for New Payees

A cooling period of thirty minutes shall apply between the registration of a new payee and the first transfer to that payee, during which transfers to the new payee shall be limited to Rs. 5,000 in aggregate. The cooling period may not be waived.

### 15.4 Statements

A statement shall be issued to the employee monthly, without charge, through the registered electronic channel or by post where no electronic channel is registered. The statement shall not be furnished to the employer.

## 16. Erroneous Credits and Employer Claw-back

---

### 16.1 Principle

Where an employer asserts that an amount credited to an employee's salary account was not due to the employee, the Bank stands between two parties with competing claims. The Bank shall not resolve the dispute between them. It shall act only within the narrow authority conferred by this Section and shall otherwise leave the employer to its remedies against the employee.

### 16.2 Reversal Before Availability

Where an employer identifies an erroneous credit and instructs its reversal on the same business day, before the employee has drawn against it, the Bank may reverse the entry, and shall notify the employee of the reversal on the same day with the reason stated.

### 16.3 Claw-back After Availability

Where the credit has been available to the employee for more than the period in paragraph 16.2, the Bank shall not debit the account on the employer's instruction alone. The Bank shall:

- Inform the employee in writing of the employer's assertion, the amount claimed and the reason given.
- Invite the employee to consent to the debit, or to state any objection, within fifteen days.
- Where the employee consents, effect the debit and confirm it to both parties.
- Where the employee objects or does not respond, decline to effect the debit and inform the employer that it must pursue its remedy against the employee directly.

### 16.4 Prohibited Actions

The Bank shall not, on an employer's instruction and without the employee's consent:

- Debit, block, freeze or place a lien on a salary account or any part of its balance.
- Withhold a salary credit already made.
- Close the account.
- Disclose the balance, the transaction history or any other particular of the account.
- Refuse to honour an instruction of the employee.

### 16.5 Bank Error

Where a credit arises from an error of the Bank rather than of the employer, and the employee has drawn against it, the Bank shall inform the employee, shall not debit the account without consent, and shall recover the amount, if at all, through the process in paragraph 16.3 applied by analogy. No charge, interest or penalty shall be levied on the employee in respect of a credit arising from the Bank's error.

### 16.6 Legal Process

Nothing in this Section prevents the Bank from giving effect to an order of a court or other competent authority. Where such an order is received, paragraph 16.4 does not apply to the extent of the order, and the employee shall be informed of the order and the issuing authority unless the Bank is prohibited from doing so.

## **16.7 Record and Reporting**

Every claw-back request, and the outcome, shall be recorded. The Salary Banking vertical shall report to the Head of Retail Liabilities each quarter the number of requests received by employer, the number effected with consent, the number declined, and any employer showing a disproportionate volume of requests.

## 17. Employee Exit, Job Change and Portability

---

### 17.1 Notice of Cessation

An employer shall inform the Bank within seven days of the cessation of employment of any employee holding a salary account. On receipt of such notice the Bank shall record the cessation, shall untag the account from the employer, and shall not effect any change to the account's status other than as provided in Section 11.

### 17.2 No Restriction on the Account

The cessation of employment does not entitle the Bank to restrict operations in the account, to require the employee to close it, or to treat the notice of cessation as an instruction of the employee. The account continues to be operable by the employee in the ordinary way.

### 17.3 Change to Another Empanelled Employer

Where an employee moves to another empanelled employer, the account shall be retagged to the new employer on the employee's request and on the new employer's inclusion of the employee in its Employee Master. Retagging preserves salary account status without interruption, and the variant shall be reassessed under paragraph 5.2 against the new salary. No new account shall be opened, and no charge shall be levied for retagging.

### 17.4 Change to a Non-Empanelled Employer

Where an employee moves to an employer that is not empanelled, the employee may continue to receive salary into the account through an ordinary electronic transfer. Such a credit does not qualify as a salary credit under paragraph 10.2 unless the employee requests recognition and supports the request with evidence of the employment and the nature of the credit. The Bank shall consider such a request and shall not refuse it unreasonably; recognition, once given, subsists while the pattern of credits continues.

### 17.5 Portability of Account Number

An employee shall not be required to change account number, branch or customer identification on a change of employment. Nomination, standing instructions, linked deposits and transaction history are unaffected.

### 17.6 Final Settlement Credits

A credit representing final settlement, gratuity or similar terminal payment shall be treated as a salary credit for the purposes of paragraph 11.2, and the three-month period shall run from the date of that credit.

## 18. Inoperative and Dormant Accounts

---

### 18.1 Classification

An account in which no customer-induced transaction has taken place for twelve months shall be flagged as inactive, and for twenty-four months shall be classified as inoperative and, for the purposes of this Policy, dormant. A salary credit is a customer-induced transaction. Interest credited by the Bank and charges recovered by the Bank are not.

### 18.2 Salary Accounts at Particular Risk

Accounts opened in bulk are more likely than others to become inoperative, because an employee may never have activated an account opened at the instance of an employer. The Salary Banking vertical shall therefore review, at the end of each quarter, the proportion of accounts opened under each Corporate Salary Agreement in the preceding twelve months that have received no customer-induced transaction, and shall report any employer whose proportion exceeds twenty-five per cent to the Head of Retail Liabilities. A relationship showing a persistently high proportion shall be reviewed under paragraph 6.7.

### 18.3 Preventive Communication

Notice shall be issued to the employee at three months, two months and one month before an account is due to be classified as inoperative, through the registered channels and, where those are unavailable, by letter to the recorded address. The notice shall be addressed to the employee directly and not routed through the employer.

### 18.4 Consequences of Classification

- Debit transactions shall be blocked through all channels. Credits, including salary credits, shall continue to be accepted.
- Interest shall continue to accrue and be credited at the applicable rate.
- No charge shall be levied for the account being inoperative.
- The account shall be segregated in the Bank's systems, with debit access requiring dual authorisation.
- Any overdraft facility shall be referred for review under paragraph 14.6.

### 18.5 Reactivation

An inoperative account may be reactivated at any branch, without charge, on a written request together with current identification and completion of periodic updation if due, within three business days. The employee shall not be required to attend the branch at which the account was opened, nor to obtain any confirmation from the employer.

### 18.6 Unclaimed Deposits

A balance unclaimed for ten years shall be transferred to the fund prescribed for unclaimed deposits. Transfer does not extinguish the claim, and on a claim being made the Bank shall pay the amount with interest as prescribed. The public search facility maintained under the Savings Account Policy covers salary accounts.

## 19. Closure, Death and Succession

---

### 19.1 Closure at the Employee's Request

An account shall be closed on the written request of the employee, and of any joint holder where the mandate requires. Closure shall be completed within three business days and shall be free of charge at any time, including within twelve months of opening. The Bank shall not require a reason, shall not seek the employer's confirmation or consent, and shall not make closure conditional on acceptance of a retention offer. Any linked overdraft shall be settled as a condition of closure, and the employee shall be told the amount required before the request is accepted.

### 19.2 Closure at the Employer's Request

An employer has no authority to request the closure of an employee's account. A request purporting to do so shall be declined and recorded, and the employee shall be informed that the request was made and declined.

### 19.3 Closure by the Bank

The Bank may close an account after not less than thirty days' written notice stating the reason, on the grounds set out in the Savings Account Policy. The termination of an employer's empanelment is not a ground for closure. Where an account is closed by the Bank, the closing balance shall be remitted to the employee and no part of it shall be forfeited or withheld except under valid legal process.

### 19.4 Death of the Employee

On notice of death, operations shall be stopped and the balance settled in accordance with the Savings Account Policy: to the survivor where a survivorship mandate subsists, to the nominee where a valid nomination subsists, and otherwise to the legal heirs. A complete claim shall be settled within fifteen days. The Bank shall not require the employer's confirmation of the death or of the employee's entitlement as a condition of settlement.

### 19.5 Credits Received After Death

A salary or terminal payment credited by the employer after the date of death shall form part of the balance settled under paragraph 19.4. Where the employer asserts that such a credit was made in error, Section 16 applies, and the employee's legal representatives stand in the employee's place for the purposes of that Section.

### 19.6 Insurance Claim on Death

Where the account carried personal accident or air accident cover under Section 13 and the death is one to which the cover may respond, the Bank shall inform the nominee or legal representative of the existence of the cover, shall furnish the particulars needed to make a claim, and shall assist in filing it without charge. The Bank shall do so whether or not a claim on the account balance has been made.

## 20. Unauthorised Transactions and Customer Liability

### 20.1 Reporting Channels

The Bank shall maintain a round-the-clock reporting facility comprising a toll-free telephone number, an in-application reporting option and a dedicated electronic mail address. On receipt of a report the Bank shall immediately acknowledge it, record the date and time of receipt, issue a reference number and block the affected instrument or channel.

### 20.2 Alerts

An alert shall be sent for every electronic transaction to the employee's registered mobile number and, where registered, electronic mail address, with the facility to report an unauthorised transaction directly from the alert.

### 20.3 Liability Framework

The framework in the Savings Account Policy applies, with the liability caps applicable to variants other than Basic Savings.

| Circumstance                                                                         | Employee liability                                      |
|--------------------------------------------------------------------------------------|---------------------------------------------------------|
| Contributory fraud, negligence or deficiency on the part of the Bank                 | Nil, regardless of whether the transaction was reported |
| Third-party breach with no deficiency on either side, reported within 3 working days | Nil                                                     |
| Same, reported within 4 to 7 working days                                            | Lower of transaction value or Rs. 10,000                |
| Same, reported beyond 7 working days                                                 | As determined under paragraph 20.5                      |
| Loss due to the employee's negligence, reported before the Bank is informed          | Full, up to the point of reporting                      |
| Loss due to the employee's negligence, after the employee reports                    | Nil                                                     |

### 20.4 Shadow Credit and Resolution

The disputed amount shall be credited within ten working days of the report, notionally and without prejudice. The investigation shall be completed and the employee informed within ninety days. A shadow credit shall be reversed only after fifteen days' notice with reasons, and shall stand confirmed if the investigation is not completed within ninety days.

### 20.5 Burden of Proof and Compensation

The burden of proving liability rests with the Bank, and an assertion of negligence shall be approved by an officer not below the rank of Vice President. Where the Bank fails to meet a timeline in this Section, compensation of Rs. 100 per day of delay shall be credited automatically.

### 20.6 Disclosure to the Employer Prohibited

No particular of an unauthorised transaction, an investigation or its outcome shall be disclosed to the employer, whether or not the employer requests it and whether or not the employer sourced the relationship.

## 21. Confidentiality, Data and Anti-Money Laundering

---

### 21.1 Duty of Confidentiality

The Bank owes a duty of confidentiality to the employee in respect of the account and its affairs, which survives the closure of the account and the cessation of the employment. Disclosure is permitted only where compelled by law or by order of a competent authority, where there is a duty to the public to disclose, where the interests of the Bank require it and then only to the minimum extent necessary, or where the employee has given express and informed consent.

### 21.2 Disclosure to the Employer

The employer is a third party for the purposes of paragraph 21.1. The Bank may confirm to an employer only that an account exists and is capable of receiving credits, and may report the outcome of a salary upload file at the level of individual credits succeeding or failing. It shall not disclose the balance, the transaction history, any other credit or debit, the existence or utilisation of an overdraft, the fact that the account is inoperative, or any grievance raised by the employee. An employer's contractual relationship with the Bank confers no right to any of this information.

### 21.3 Prohibition on Employer-Directed Marketing

The Bank shall not permit an employer to direct, approve or receive a report of the marketing of any product to its employees, and shall not treat the employer's consent as the employee's consent to receive marketing. An employee may withdraw marketing consent at any time without affecting the account or the concessional terms.

### 21.4 Data Security

Employee Masters and salary upload files shall be transmitted only through the authenticated channel specified in the Corporate Salary Agreement, shall be encrypted in transit and at rest, and shall be accessible only to named personnel on the principle of least privilege. Access shall be logged and the logs reviewed monthly.

### 21.5 Breach Notification

A suspected breach involving employee data shall be reported to the Chief Information Security Officer within two hours of detection. Where a breach is confirmed and is likely to cause harm, the affected employees shall be notified directly and without undue delay, and the employer shall be notified separately; notification to the employer does not discharge the duty to notify the employees.

### 21.6 Anti-Money Laundering

Salary accounts are subject to the Bank's AML/CFT framework. Monitoring shall be calibrated to the expected profile of a salary account, and the following warrant attention:

- Credits materially exceeding the declared salary, or credits from sources other than the employer that are inconsistent with the employee's profile.
- Immediate withdrawal in full of every credit, with the account retaining a negligible balance.
- Credits from a large number of unrelated parties.
- Several accounts under the same employer sharing a mobile number, an address or a device identifier.
- Substantial activity in an account shortly after reactivation from dormancy.

- Activity in an account of an employee whose employment has ceased, inconsistent with the employee's known position.

### **21.7 Reporting and Retention**

The Bank shall file the prescribed reports with the financial intelligence authority within the prescribed timelines. Staff shall not disclose to the employee, to the employer or to any other person that a report has been or may be filed. Identity and transaction records shall be retained for five years from the transaction or from the cessation of the relationship, whichever is later.

## 22. Grievance Redressal, Roles and Policy Review

### 22.1 Grievance Channels and Escalation

A grievance may be lodged at any branch, through the contact centre, through the complaint form on the Bank's website or mobile application, by letter, or by electronic mail to the published grievance address. Every grievance shall be acknowledged, tracked through a unique reference number, and closed only with a substantive response. An employee shall never be required to route a grievance through the employer, and a grievance shall not be disclosed to the employer.

| Level | Authority                                   | Resolution time             |
|-------|---------------------------------------------|-----------------------------|
| 1     | Branch Manager or Contact Centre Supervisor | 7 business days             |
| 2     | Regional Nodal Officer                      | 14 business days            |
| 3     | Principal Nodal Officer                     | 21 business days            |
| 4     | Internal Ombudsman                          | 30 days                     |
| 5     | External Banking Ombudsman                  | As prescribed by the scheme |

Every grievance the Bank proposes to reject wholly or partly shall be referred to the Internal Ombudsman before the decision is communicated. The right to approach the external Banking Ombudsman shall be stated in every final response.

### 22.2 Responsibility Matrix

| Role                          | Responsibility                                                               |
|-------------------------------|------------------------------------------------------------------------------|
| Board of Directors            | Approval of the Policy; oversight of its operation                           |
| Risk Management Committee     | Recommendation of the Policy; review of exception reporting                  |
| Product and Pricing Committee | Charges, benefit bundles, limits and empanelment criteria                    |
| Head of Retail Liabilities    | Policy ownership; Category A approvals; claw-back reporting                  |
| Head of Salary Banking        | Empanelment diligence, agreement execution, annual review                    |
| Head of Compliance            | Regulatory alignment; Exception Register                                     |
| Branch Manager                | Application at the point of contact; onboarding conduct at employer premises |
| Regional Head                 | Second-level approvals; approval of non-employee accounts under 7.2          |
| Internal Audit                | Independent assurance                                                        |

### 22.3 Approval Authority for Exceptions

| Exception type                                    | Approving authority        |
|---------------------------------------------------|----------------------------|
| Account for a consultant or contractor under 7.2  | Regional Head              |
| Category A assignment outside indicative criteria | Head of Retail Liabilities |
| Waiver of charge on a Defence variant account     | Head of Retail Liabilities |

| Exception type                                           | Approving authority                                |
|----------------------------------------------------------|----------------------------------------------------|
| Enhanced due diligence relationship acceptance           | Assistant Vice President                           |
| Assertion of employee negligence under 20.5              | Vice President                                     |
| Empanelment of an employer with an adverse credit record | Head of Retail Liabilities with Head of Compliance |
| Any departure from Section 16                            | Not permitted                                      |

## 22.4 Monitoring and Key Indicators

Compliance shall conduct thematic testing of salary account operations at least twice each financial year, covering onboarding conduct at employer premises, verification quality in bulk onboarding, consent records, reclassification notice compliance, claw-back handling, disclosure to employers, and grievance closure quality. The following shall be reported monthly to the Head of Retail Liabilities:

- Accounts opened in bulk, and the proportion activated within thirty days.
- Proportion of accounts with a registered nomination.
- Accounts reclassified under Section 11, and the proportion notified thirty days in advance.
- Accounts restored under paragraph 11.5, and charges refunded under that paragraph.
- Claw-back requests received, effected with consent and declined, by employer.
- Instances of disclosure to an employer outside paragraph 21.2.
- Grievances received per ten thousand accounts, and the proportion resolved at Level 1.

## 22.5 Training

Every member of staff in a role involving salary account onboarding or servicing shall complete certification on this Policy within thirty days of joining and annually thereafter. Certification shall be a condition of continued authorisation to conduct onboarding at employer premises.

## 22.6 Policy Review and Amendment

This Policy shall be reviewed at least once every financial year by the Salary Banking vertical in consultation with Compliance, Risk, Legal and Operations, and placed before the Board through the Risk Management Committee. An interim amendment may be initiated on a change in regulatory direction, the introduction or withdrawal of a product, a finding from audit or thematic testing, or a material adverse trend in grievance or claw-back data. Where a regulatory direction takes effect before the Policy can be amended, the direction applies from its effective date and Compliance shall issue an interim instruction. An approved amendment shall be communicated to staff within seven days, incorporated into training within thirty days, and notified to employees where it affects them. The version history is maintained in Annexure D and superseded versions retained for ten years.

## Annexure A: Documentation

### A.1 Employer Empanelment

- Certificate of incorporation, registration certificate or constituting notification.
- Memorandum and articles, partnership deed, trust deed or equivalent constitutional document.
- Permanent account number and tax registrations.
- Board resolution or equivalent authorising the Corporate Salary Agreement and naming the signatories.
- Identification and address documents for authorised signatories and beneficial owners.
- Audited financial statements for the preceding two years, other than for government bodies.
- Employee headcount confirmation and indicative payroll value.
- Executed Corporate Salary Agreement.

### A.2 Employee Account Opening

- Completed account opening form signed by the employee.
- Officially valid document establishing identity and address.
- Recent photograph and specimen signature.
- Permanent account number or the prescribed declaration in lieu.
- Mobile number, and electronic mail address where available.
- Employer confirmation of employment in the annexed form.
- Nomination form, or a signed declinature.

### A.3 Additional Requirements

| Situation                                  | Additional documents                                                           |
|--------------------------------------------|--------------------------------------------------------------------------------|
| Consultant or contractor under 7.2         | Employer confirmation of regular payroll remuneration; Regional Head approval  |
| Joint holder under 7.4                     | Relationship declaration; full due diligence on the joint holder               |
| Defence variant                            | Service identity card or discharge document                                    |
| Retagging on change of employer under 17.3 | Employee request; inclusion in the new employer's Employee Master              |
| Recognition of credits under 17.4          | Appointment letter or employment confirmation; three months of credit evidence |
| Overdraft under Section 14                 | Salary credit history of three months; executed facility consent               |
| Reclassification reversal under 11.2       | Evidence that employment subsists and the interruption was temporary           |

## Annexure B: Turnaround Time Matrix

| Service request                                      | Turnaround time     |
|------------------------------------------------------|---------------------|
| Employer empanelment decision                        | 10 business days    |
| Employee Master authentication or rejection notice   | 1 business day      |
| Account opening, complete documentation              | Same business day   |
| Bulk account opening, per authenticated file         | 3 business days     |
| Welcome communication                                | 2 business days     |
| Registration or variation of nomination              | 2 business days     |
| Salary credit availability                           | Immediate on credit |
| Notice of insufficient funds on a salary upload file | 1 hour from cut-off |
| Return of failed credit to employer                  | Same business day   |
| Notice before reclassification                       | 30 days in advance  |
| Restoration of salary status under 11.5              | 2 business days     |
| Refund of charges under 11.5                         | 5 business days     |
| Retagging on change of employer                      | 3 business days     |
| Decision on recognition of credits under 17.4        | 7 business days     |
| Overdraft sanction                                   | 5 business days     |
| Notice before recall of overdraft                    | 30 days             |
| Employee response window on claw-back                | 15 days             |
| Reactivation of inoperative account                  | 3 business days     |
| Account closure                                      | 3 business days     |
| Acknowledgement of unauthorised transaction report   | Immediate           |
| Shadow credit for disputed transaction               | 10 working days     |
| Investigation of disputed transaction                | 90 days             |
| Settlement of deceased employee claim                | 15 days             |
| Grievance, Level 1                                   | 7 business days     |
| Grievance, Level 2                                   | 14 business days    |
| Grievance, Level 3                                   | 21 business days    |

## Annexure C: Abbreviations

| Abbreviation | Expansion                          |
|--------------|------------------------------------|
| AMB          | Average Monthly Balance            |
| AML          | Anti-Money Laundering              |
| ATM          | Automated Teller Machine           |
