Reviewed by	Compliance, Risk, Operations, Legal
Recommended by	Risk Management Committee
Approved by	Board of Directors
Date of approval	14 April 2026
Effective date	01 May 2026
Next review due	31 March 2027
Review frequency	Annual, or earlier on regulatory change
Classification	Internal
Distribution	All branches, all business units, all outsourced partners
Supersedes	Version 4.0 dated 30 May 2025

Status of this document. This Policy is an internal document of FinTrust Bank Limited. It states the Bank's own standards and the manner in which its staff are required to act. It is not a contract with any customer and does not by itself create rights enforceable against the Bank. The contractual relationship between the Bank and a customer is governed by the account terms and conditions accepted at account opening. Where the terms and conditions are silent, or are less favourable to the customer than this Policy, this Policy shall guide the Bank's conduct.

Monetary references. All amounts are expressed in Indian Rupees and are indicative for the purposes of this Policy. Prevailing rates, charges and limits are those published in the current Schedule of Charges at branches and on the Bank's website, which shall prevail over the indicative figures reproduced in this document.

Interpretation. Words importing the singular include the plural and words importing one gender include every gender. A reference to a Section is a reference to a Section of this Policy. Headings are for convenience only and do not affect interpretation.

1. Purpose and Objectives

1.1 Purpose

This Savings Account Policy ("the Policy") establishes the principles, standards and operating rules governing the offering, opening, maintenance, servicing and closure of savings deposit accounts by FinTrust Bank Limited ("FinTrust" or "the Bank"). The Policy is the authoritative internal reference for all matters relating to savings deposits and supersedes all prior circulars, notes and desk instructions on the subject.

1.2 Objectives

The Policy is designed to achieve the following objectives:

- To ensure that every savings account offered by the Bank is opened and operated in a manner that is fair, transparent and non-discriminatory.
- To ensure full compliance with applicable statutory and regulatory requirements, including those relating to customer identification, anti-money laundering and deposit insurance.
- To define clear, uniform service standards so that a customer receives the same quality of service irrespective of the branch, channel or geography through which the relationship is conducted.
- To protect depositor funds through appropriate controls over account opening, transaction monitoring, dormancy management and claim settlement.
- To set out the rights of depositors and the corresponding obligations of the Bank in plain, accessible language.
- To provide staff with unambiguous guidance so that discretion is exercised consistently and exceptions are properly authorised and recorded.

1.3 Guiding Principles

FinTrust adopts the following guiding principles in relation to savings deposits:

Transparency. All charges, interest rates, eligibility conditions and service standards are disclosed to the customer before the account relationship commences, and any subsequent change is notified in advance.

Suitability. Staff shall recommend the account variant appropriate to the customer's stated needs and expected transaction profile, and shall not steer customers towards variants carrying higher balance obligations than the customer requires.

Proportionality. Customer due diligence, documentation and monitoring are applied in proportion to the assessed risk of the customer and the account.

Accountability. Every deviation from this Policy is traceable to a named approving authority and is subject to periodic review.

2. Scope and Applicability

2.1 Scope

This Policy applies to all savings deposit accounts denominated in Indian Rupees and maintained with any domestic branch of FinTrust Bank Limited, and to all savings account variants listed in Section 5, including variants that may be introduced during the currency of this Policy.

2.2 Persons Bound by the Policy

The Policy is binding on:

- All employees of the Bank, whether permanent, probationary, contractual or on deputation.
- All business correspondents, direct selling agents and outsourced service providers engaged by the Bank in relation to savings deposit acquisition or servicing.
- All third parties operating branded or co-branded FinTrust digital channels.

2.3 Exclusions

This Policy does not govern:

- Current accounts, cash credit accounts and overdraft accounts, which are governed by the Current and Overdraft Accounts Policy.
- Term deposits and recurring deposits, which are governed by the Term Deposit Policy.
- Foreign currency accounts and accounts maintained at overseas branches or representative offices.
- Escrow, nodal and other special-purpose accounts opened under contractual or regulatory mandate.

Where a savings account is opened as an ancillary account linked to a product governed by another policy, this Policy shall apply to the savings account itself, and the governing policy of the primary product shall apply to the linkage.

2.4 Conflict and Precedence

In the event of conflict between this Policy and any statutory provision, regulatory direction or judicial order, the latter shall prevail and the Policy shall be deemed amended to that extent with effect from the date the external requirement takes effect. In the event of conflict between this Policy and any internal circular, this Policy shall prevail unless the circular expressly records that it has been approved as an amendment under Section 22.

3. Definitions

For the purposes of this Policy, the following terms shall bear the meanings assigned to them below.

Account Holder means the person or persons in whose name a savings account is maintained, and includes joint holders.

Average Monthly Balance (AMB) means the sum of the end-of-day closing balances in an account for each calendar day of a month, divided by the number of days in that month.

Beneficial Owner means the natural person who ultimately owns or controls a customer, or on whose behalf a transaction is being conducted.

Business Day means a day on which the branch concerned is open for public business, excluding Sundays, second and fourth Saturdays, and declared public holidays.

Customer Due Diligence (CDD) means the process of identifying a customer, verifying that identity from reliable and independent sources, and understanding the nature and purpose of the intended relationship.

Dormant Account means an account classified as dormant under Section 13 following the prescribed period without customer-induced transactions.

Financial Transaction means a debit or credit to an account arising from an act of the customer or a third party, excluding entries raised by the Bank on its own account such as interest credit, charge recovery or reversal entries.

Inoperative Account means an account in which no customer-induced transaction has occurred for the period prescribed in Section 13.

KYC means Know Your Customer, being the framework of identification, verification and ongoing monitoring requirements set out in Section 7.

Nominee means a person nominated by the account holder under Section 12 to receive the balance in the account on the death of the account holder.

Officially Valid Document (OVD) means a document accepted by the Bank for the purpose of establishing identity and address, as listed in Annexure A.

Periodic Updation means the refresh of KYC records at the intervals prescribed by the customer's risk classification.

Savings Account means an interest-bearing deposit account intended for personal, non-business savings, subject to the transaction and usage conditions set out in this Policy.

Straight Through Processing (STP) means the completion of a transaction through automated systems without manual intervention.

Turnaround Time (TAT) means the maximum permitted elapsed time, measured in business days unless otherwise stated, between the receipt of a complete customer request and its completion.

4. Governance and Regulatory Framework

4.1 Regulatory Basis

Savings deposit accounts are offered by FinTrust under the licence granted to it as a banking company and are subject to the directions issued from time to time by the banking regulator, including directions relating to interest rates on deposits, customer identification, anti-money laundering, customer protection and the treatment of unclaimed deposits. Deposits are insured in accordance with Section 16.

4.2 Policy Ownership

The Retail Liabilities Group is the owner of this Policy. The Head of Retail Liabilities is accountable for the accuracy, currency and internal consistency of the Policy, and for ensuring that operating procedures issued under it remain aligned to its provisions.

4.3 Approval Authority

This Policy is approved by the Board of Directors of FinTrust Bank Limited on the recommendation of the Risk Management Committee. The following matters require Board approval:

- Adoption of the Policy and any amendment to Sections 1 to 4, 9, 16 and 22.
- Introduction or withdrawal of a savings account variant.
- Any change to the interest rate methodology described in Section 9.

The following matters are delegated to the Product and Pricing Committee:

- Revision of individual interest rates within the approved methodology.
- Revision of the Schedule of Charges under Section 10.
- Revision of transaction limits under Section 11.

4.4 Three Lines of Defence

Responsibility for the operation of this Policy is structured as follows:

Line	Function	Primary responsibility
First	Branches, contact centre, digital channels	Correct application of the Policy at the point of customer contact; first-level checks
Second	Compliance, Risk, Product	Policy design, monitoring, thematic testing, exception governance
Third	Internal Audit	Independent assurance on design adequacy and operating effectiveness

4.5 Exceptions

Any departure from a provision of this Policy constitutes an exception and requires prior written approval from the authority specified in Section 21. Exceptions shall be recorded in the Exception Register maintained by Compliance, shall specify a validity period not exceeding twelve months, and shall be reported in aggregate to the Risk Management Committee each quarter. Blanket or standing exceptions shall not be granted.

5. Savings Account Variants

5.1 Product Catalogue

FinTrust offers the following savings account variants. All variants are savings deposit accounts and are subject to this Policy in its entirety; the differences between variants are limited to eligibility, balance obligations, pricing and bundled service entitlements.

Code	Variant	Target segment	Minimum AMB
SB-BAS	FinTrust Basic Savings	Financially excluded, small savers	Nil
SB-REG	FinTrust Regular Savings	General retail customers	Rs. 5,000
SB-PRM	FinTrust Prime Savings	Mid-income salaried and self-employed	Rs. 25,000
SB-PRV	FinTrust Privilege Savings	High net worth individuals	Rs. 1,00,000
SB-SAL	FinTrust Salary Account	Employees of approved corporates	Nil
SB-SEN	FinTrust Senior Savings	Individuals aged 60 years and above	Rs. 2,500
SB-YTH	FinTrust Youth Savings	Minors aged 10 to 18 years	Nil
SB-STU	FinTrust Student Savings	Students aged 18 to 25 in full-time education	Nil

5.2 Basic Savings Account

The Basic Savings Account is offered to any eligible individual without any requirement of minimum balance and without any charge for its basic operations. Basic operations comprise the deposit of cash at branches and ATMs, the receipt of credits through electronic payment channels or by cheque, a minimum of four cash withdrawals per month across all channels, and the issue of a basic debit card and its operation. A customer holding a Basic Savings Account shall not simultaneously hold any other savings account with the Bank; where the customer already holds a savings account, that account shall be closed within thirty days of opening the Basic Savings Account.

5.3 Regular, Prime and Privilege Savings

These variants form a graded range distinguished by balance obligation and bundled entitlements. Entitlements attaching to Prime and Privilege accounts, including free cheque leaves, higher card limits, waiver of certain charges and priority servicing, are set out in the Schedule of Charges and may be revised by the Product and Pricing Committee with thirty days' notice to customers.

5.4 Salary Account

A Salary Account is opened for an employee of a corporate on the Bank's approved employer list, on the basis of a mandate from the employer. The account carries no minimum balance obligation for so long as salary credits continue. Where no salary credit is received for a continuous period of three months, the account shall be reclassified as a Regular Savings Account, and the customer shall be notified thirty days before the reclassification takes effect.

5.5 Senior, Youth and Student Savings

Senior Savings is available to individuals who have attained the age of sixty years, evidenced by an accepted proof of date of birth. Youth Savings is available to minors in accordance with Section 12. Student Savings is available on production of valid evidence of current enrolment in a recognised full-time programme, and shall be reclassified as a Regular Savings Account on the customer attaining twenty-six years of age or on cessation of enrolment, whichever is earlier.

5.6 Variant Migration

A customer may request migration between variants at any time, subject to meeting the eligibility conditions of the target variant. Migration takes effect from the first day of the month following the request. The Bank may migrate an account to a lower variant where the customer has failed to meet the balance obligation of the existing variant for three consecutive months, after giving thirty days' notice. Migration shall not be effected in a manner that increases the customer's balance obligation without express consent.

6. Eligibility

6.1 Eligible Persons

A savings account may be opened by:

- A resident individual, singly or jointly with other eligible individuals.
- A minor, in accordance with Section 12.
- A Hindu Undivided Family, other than one carrying on a trading or business activity.
- A club, association, society or trust that is not carrying on a business activity and whose constitution permits the maintenance of a savings account.
- A government department, institution or body where permitted by the applicable regulatory direction.

6.2 Ineligible Persons

A savings account shall not be opened for:

- A sole proprietorship, partnership firm, limited liability partnership or company, or any other entity carrying on a trading, business or professional activity.
- A person against whom the Bank holds a record of a previous account closure for unsatisfactory conduct, unless the account opening is approved by the Regional Head.
- Any person or entity appearing on a designated sanctions list, or any person the Bank is prohibited from dealing with under applicable law.
- A person who declines to provide the information or documentation required under Section 7.

6.3 Residency

Accounts for persons resident outside India are governed by the foreign exchange regulatory framework and shall be opened only in the account categories permitted for such persons. Where a resident account holder subsequently becomes a person resident outside India, the account holder shall inform the Bank without delay and the account shall be redesignated in the appropriate category.

6.4 Limitation on Number of Accounts

An individual may hold not more than three savings accounts with the Bank in the individual's own name, excluding accounts held jointly with others and excluding accounts opened as guardian of a minor. This limitation does not apply to Salary Accounts opened under an employer mandate. The limitation does not apply to accounts held in a fiduciary capacity.

7. Account Opening and Customer Due Diligence

7.1 Account Opening Channels

An account may be opened through a branch, through the Bank's digital onboarding application, or through an authorised business correspondent. Irrespective of channel, the standard of due diligence applied shall be identical, and the account shall not be activated until due diligence is complete.

7.2 Application and Documentation

The applicant shall complete the prescribed account opening form and furnish the documents listed in Annexure A. The Bank shall obtain a recent photograph, specimen signature, permanent account number or the prescribed declaration in lieu thereof, and contact details including a mobile number and, where available, an electronic mail address.

7.3 Identification and Verification

The Bank shall verify the identity and address of the applicant from independent and reliable sources before the account is made operative. Verification may be undertaken through physical examination of original documents, through electronic verification against an authorised database, or through video-based identification conducted in accordance with the Bank's approved procedure. In all cases the officer completing verification shall record the method used and shall affix an attestation to the effect that the originals were examined or that electronic verification succeeded.

7.4 Risk Categorisation

Every customer shall be assigned a risk category of low, medium or high at onboarding, based on identity documentation, occupation, source of funds, expected transaction profile, geography and any adverse information available to the Bank. The risk category determines the depth of due diligence, the frequency of periodic updation and the intensity of transaction monitoring.

Risk category	Due diligence	Periodic updation
Low	Standard	Once in ten years
Medium	Standard with source-of-funds enquiry	Once in eight years
High	Enhanced, with senior approval	Once in two years

7.5 Enhanced Due Diligence

Enhanced due diligence shall be applied to customers categorised as high risk, to politically exposed persons and their close relatives and associates, and to any customer where the Bank has reason to believe that the relationship carries elevated risk. Enhanced due diligence comprises corroboration of the source of funds and source of wealth, approval of the relationship by an officer not below the rank of Assistant Vice President, and enhanced ongoing monitoring.

7.6 Accounts Opened with Deferred Verification

Where regulatory provisions permit an account to be opened on a limited basis pending completion of full verification, the account shall be subject to the following restrictions until verification is complete: the aggregate of all credits shall not exceed Rs. 1,00,000 in a financial year, the aggregate balance shall not

exceed Rs. 50,000 at any time, and no foreign remittance shall be credited. The account shall be closed if verification is not completed within twelve months of opening, after two written reminders.

7.7 Periodic Updation

The Bank shall obtain updated information and, where applicable, fresh documentation at the intervals set out in paragraph 7.4. Where there has been no change in the customer's particulars, a self-declaration to that effect shall suffice. The Bank shall issue three advance notices before restricting operations in an account for want of periodic updation, and shall restore full operations promptly on receipt of the required information.

7.8 Account Activation and Welcome Communication

On completion of due diligence, the account shall be activated and a welcome communication issued within two business days, setting out the account number, the applicable variant, the balance obligation, the interest rate, a summary of charges, the nomination status and the grievance escalation matrix. A copy of the terms and conditions shall accompany the welcome communication.

8. Minimum Balance Requirements

8.1 Basis of Computation

Where a variant carries a minimum balance obligation, compliance shall be assessed against the Average Monthly Balance computed in accordance with Section 3. The computation shall use end-of-day closing balances for every calendar day of the month, including days on which the branch was closed.

8.2 First Month and Closure Month

No minimum balance obligation shall apply in the calendar month in which the account is opened, nor in the calendar month in which a request for closure is received.

8.3 Charges for Non-Maintenance

Where the Average Monthly Balance in a month falls below the applicable obligation, a non-maintenance charge may be levied in accordance with the Schedule of Charges. The following conditions govern the levy:

- The charge shall be proportionate to the extent of the shortfall and shall not exceed the ceiling prescribed in the Schedule of Charges for the variant concerned.
- The customer shall be notified through electronic mail, short message service or both within five business days of the end of the month in which the shortfall occurred, and the charge shall not be recovered before the expiry of fifteen days from the notification.
- The recovery of the charge shall not cause the account balance to become negative. Where the available balance is insufficient, the unrecovered amount shall be held in abeyance and recovered from subsequent credits, and shall not attract any further charge, penalty or interest.
- No non-maintenance charge shall be levied on a Basic Savings Account, a Salary Account, a Youth Savings Account or a Student Savings Account.
- No non-maintenance charge shall be levied on an account classified as inoperative or dormant.

8.4 Waivers

The Branch Manager may waive a non-maintenance charge in a genuine hardship case, subject to a maximum of two waivers per account in a financial year. Waivers beyond this limit require approval of the Regional Head. All waivers shall be recorded with the reason in the branch waiver register.

9. Interest on Savings Deposits

9.1 Rate Setting

Interest rates on savings deposits are determined by the Product and Pricing Committee within the methodology approved by the Board. Rates shall be uniform for all customers within the same balance slab and the same variant, and shall not be varied on the basis of the identity of the customer, the branch at which the account is maintained, or the channel through which the account was acquired.

9.2 Discrimination Prohibited

The Bank shall not offer differential rates to customers holding the same balance in the same variant. Where the Bank offers differential rates by reference to balance slabs, the slab structure shall be published and applied uniformly.

9.3 Computation

Interest shall be calculated on the daily closing balance of the account at the rate applicable to the slab into which that balance falls. Interest shall be computed on the basis of a year of three hundred and sixty-five days, or three hundred and sixty-six days in a leap year.

9.4 Frequency of Credit

Interest accrued shall be credited to the account at quarterly intervals, on the last business day of June, September, December and March. Interest shall be credited notwithstanding that the account is inoperative or dormant. Where an account is closed during a quarter, accrued interest to the date of closure shall be credited as part of the closure settlement.

9.5 Indicative Slab Structure

The following slab structure is indicative and is subject to revision by the Product and Pricing Committee. The prevailing rates shall be displayed at every branch and on the Bank's website.

Daily closing balance	Rate per annum
Up to Rs. 1,00,000	2.75%
Above Rs. 1,00,000 and up to Rs. 10,00,000	3.25%
Above Rs. 10,00,000 and up to Rs. 50,00,000	3.75%
Above Rs. 50,00,000	4.25%

An additional rate of 0.25% per annum above the applicable slab rate shall apply to Senior Savings accounts on balances up to Rs. 10,00,000.

9.6 Change in Rates

Any change in the rate of interest shall be effective prospectively from the date notified. The Bank shall publish the revised rates at least seven days before the effective date on its website and at branches, and shall notify existing customers through the registered communication channels.

9.7 Tax

Interest credited to a savings account is subject to such tax treatment as the law prescribes. The Bank shall deduct tax at source where required and shall issue the prescribed certificate. The Bank does not offer tax advice, and customers are advised to consult their own advisers.

10. Schedule of Charges

10.1 Principles

Charges levied on savings accounts shall be reasonable, shall bear a demonstrable relationship to the cost of providing the service, and shall be disclosed before the service is availed. No charge shall be levied for a service the customer has not requested or consented to.

10.2 Disclosure

The complete Schedule of Charges shall be displayed at every branch, published on the Bank's website, and provided to the customer at account opening. The Bank shall not levy any charge that is not in the published Schedule.

10.3 Notice of Revision

Any introduction of a new charge or increase in an existing charge shall be notified to affected customers at least thirty days before the effective date. A customer who does not accept a revision may close the account within sixty days of the notification without payment of any closure charge and without any exit penalty.

10.4 Indicative Charges

Service	Regular	Prime	Privilege
Account closure within 12 months	Rs. 500	Rs. 500	Nil
Account closure after 12 months	Nil	Nil	Nil
Duplicate statement, per instance	Rs. 100	Rs. 50	Nil
Cheque book, per 25 leaves	Rs. 100	Nil	Nil
Cheque return, insufficient funds	Rs. 500	Rs. 500	Rs. 250
Debit card annual fee	Rs. 250	Rs. 500	Nil
Debit card replacement	Rs. 200	Rs. 200	Nil
Standing instruction failure	Rs. 200	Rs. 200	Nil
Signature verification	Rs. 100	Rs. 100	Nil
Balance certificate	Rs. 150	Rs. 100	Nil

10.5 Services Provided Free of Charge

The following services shall be provided without charge in all variants: credit of interest, credit of electronic inward remittance, issue of the annual account statement, closure of an account within fourteen days of opening, and any correction of an error attributable to the Bank.

11. Operations, Channels and Transaction Limits

11.1 Modes of Operation

An account may be operated by the account holder personally, by joint holders in accordance with the mandate recorded under Section 12, or by a person holding a valid power of attorney or mandate accepted by the Bank. The Bank shall record the mode of operation at account opening and shall act only in accordance with it.

11.2 Permitted Transactions

Savings accounts are intended for personal savings. The Bank may seek clarification where the transaction pattern in an account is inconsistent with a personal savings profile, and may, after giving notice and an opportunity to explain, require the customer to migrate the relationship to a current account.

11.3 Channel Availability

Savings accounts may be operated through branches, automated teller machines, cash recycler machines, internet banking, mobile banking, unified payments interface applications, the contact centre and business correspondent outlets. Channel availability by variant is published in the Schedule of Charges.

11.4 Indicative Transaction Limits

The following per-day limits apply unless a lower limit has been set by the customer. Customers may reduce any limit through the digital channels at any time; requests to increase a limit are subject to verification.

Channel	Basic	Regular	Prime	Privilege
ATM cash withdrawal	Rs. 10,000	Rs. 25,000	Rs. 50,000	Rs. 1,00,000
Debit card purchase	Rs. 25,000	Rs. 1,00,000	Rs. 2,00,000	Rs. 5,00,000
Internet banking transfer	Rs. 25,000	Rs. 5,00,000	Rs. 10,00,000	Rs. 25,00,000
Unified payments interface	Rs. 25,000	Rs. 1,00,000	Rs. 1,00,000	Rs. 1,00,000
Branch cash withdrawal	Rs. 50,000	Rs. 2,00,000	Rs. 5,00,000	Rs. 10,00,000

11.5 Cooling Period for New Payees

A cooling period of thirty minutes shall apply between the registration of a new payee and the first transfer to that payee through internet or mobile banking. During the cooling period, transfers to the new payee shall be limited to Rs. 5,000 in aggregate. The customer may not waive the cooling period.

11.6 Cheque Operations

Cheque books are issued on request and are subject to the charges in Section 10. A cheque presented for payment shall be honoured where the drawer's signature matches the specimen on record, the instrument is otherwise in order, and the available balance is sufficient. The Bank shall not create an overdraft in a savings account except under an approved sweep or overdraft facility.

11.7 Standing Instructions

The Bank shall execute standing instructions on the due date subject to availability of funds. Where funds are insufficient, the instruction shall be attempted once more on the next business day, after which it shall

lapse for that cycle and a charge may be levied under Section 10. Repeated failure over three consecutive cycles shall result in cancellation of the instruction after notice to the customer.

12. Nomination, Joint Accounts and Special Categories

12.1 Nomination

Nomination is available in respect of every savings account and shall be actively offered at account opening. Where an applicant declines to make a nomination, the declinature shall be recorded in writing and signed by the applicant, and the applicant shall be reminded of the facility at least once every two years.

A nomination may be made, varied or cancelled at any time by the account holder, or by all joint holders acting together. Only one nominee may be appointed in respect of a savings account. Where the nominee is a minor, the account holder shall appoint a person to receive the amount on the minor's behalf during minority.

The nomination shall be recorded in the Bank's systems within two business days of receipt, and an acknowledgement bearing the nominee's name shall be issued to the account holder. The nominee's name shall be printed on the passbook and statement where the account holder has consented.

12.2 Joint Accounts

A savings account may be opened in the names of not more than four persons. The account holders shall specify the mode of operation as one of the following:

- **Jointly** — all account holders must act together for every transaction.
- **Either or survivor** — any one of two account holders may operate; on the death of one, the survivor may operate.
- **Former or survivor** — only the first-named holder may operate during their lifetime; on their death, the survivor may operate.
- **Anyone or survivor** — any one of more than two holders may operate; on death, the survivors may operate.

A change in the mode of operation requires the written consent of all surviving account holders. The addition of a new joint holder requires fresh due diligence on that holder. The deletion of a joint holder requires the written consent of all holders and shall not be effected where the deleted holder is the sole applicant of record.

12.3 Minors

A savings account may be opened in the name of a minor, operated by the natural or legal guardian. A minor who has attained the age of ten years may open and operate an account independently, subject to the transaction limits applicable to the Youth Savings variant. No overdraft shall be permitted in a minor's account and no cheque book shall be issued to a minor operating independently.

On attaining majority, the account holder shall furnish a fresh specimen signature attested in the prescribed manner, complete due diligence in their own name, and confirm or vary the nomination. Until these formalities are completed, operations in the account shall be restricted to credits and to withdrawals countersigned by the erstwhile guardian.

12.4 Illiterate Persons

An account may be opened for a person unable to sign, on the basis of a thumb impression affixed in the presence of a Bank officer and attested by that officer, together with a photograph. Withdrawals shall be permitted at the branch on personal attendance and identification by photograph. A cheque book shall not be issued. The customer shall be informed of the account terms orally in a language the customer understands, in the presence of a witness, and this shall be recorded.

12.5 Visually Impaired and Physically Challenged Persons

Accounts shall be opened for visually impaired persons on the same terms as for any other customer, including the issue of cheque books and debit cards. Branches shall provide assistance in completing documentation and shall not require the presence of a witness as a condition of opening. Where a customer is unable to attend a branch by reason of illness or physical incapacity, the Bank shall arrange for an officer to visit the customer's residence to complete documentation and to obtain the thumb impression or signature required for withdrawal.

12.6 Accounts of Non-Individual Entities

Where a savings account is opened for a club, association, society or trust, the Bank shall obtain the constitutional documents, the resolution authorising the opening and operation of the account, the list of authorised signatories, and due diligence records for the authorised signatories and beneficial owners. Any change in signatories shall be given effect only on receipt of a fresh resolution.

13. Inoperative and Dormant Accounts

13.1 Classification

An account in which no customer-induced transaction has taken place for a continuous period of twelve months shall be flagged as inactive. An account in which no customer-induced transaction has taken place for a continuous period of twenty-four months shall be classified as inoperative and, for the purposes of this Policy, dormant.

For the purpose of this Section, a customer-induced transaction includes any transaction initiated by the account holder or by a third party at the instance of the account holder, and includes transactions effected through any channel. It does not include interest credited by the Bank, charges recovered by the Bank, or entries raised by the Bank to correct an error.

13.2 Preventive Communication

The Bank shall issue notice to the account holder at three months, two months and one month before an account is due to be classified as inoperative, through electronic mail, short message service and, where those channels are unavailable, by letter to the recorded address. The notice shall explain the consequences of classification and the procedure for reactivation.

13.3 Consequences of Classification

The following consequences follow classification as inoperative:

- Debit transactions through all channels shall be blocked. Credits shall continue to be accepted.
- Interest shall continue to accrue and be credited at the applicable rate.
- No charge shall be levied for the account being inoperative, and no non-maintenance charge shall be levied.
- The account shall be segregated in the Bank's systems and subjected to enhanced supervisory oversight, with debit access requiring dual authorisation.

13.4 Reactivation

An account holder may reactivate an inoperative account at any branch, without charge, by submitting a written request together with current identification, and by completing periodic updation if it is due. Reactivation shall be completed within three business days of receipt of a complete request. The Bank shall not require the customer to attend the branch at which the account was originally opened.

13.5 Unclaimed Deposits

The balance in an account which has remained unclaimed for ten years shall be transferred to the fund prescribed for unclaimed deposits, in accordance with applicable regulatory direction. Transfer to the fund does not extinguish the customer's claim. On a claim being made, the Bank shall pay the amount together with interest as prescribed, and shall recover the amount from the fund in accordance with the prescribed procedure.

13.6 Search Facility

The Bank shall maintain on its website a facility enabling a member of the public to search for unclaimed deposits by name and other identifying particulars, and shall publish the procedure for lodging a claim.

14. Modification, Transfer and Closure

14.1 Change of Particulars

A customer may request a change to recorded particulars, including address, contact details, signature, mode of operation and nomination. Requests shall be given effect within the turnaround times in Annexure B, and an acknowledgement shall be issued to the customer confirming the change. Any change to a contact detail shall be confirmed to both the old and the new contact point.

14.2 Portability of Account

An account may be transferred from one branch to another on written request, without change of account number and without any charge. Fresh documentation shall not be sought at the transferee branch where due diligence records are current. Transfer shall be completed within five business days.

14.3 Closure at Customer Request

An account shall be closed on the written request of the account holder, or of all joint holders where the mode of operation so requires. The Bank shall:

- Verify the identity of the requester and the authenticity of the request.
- Recover unused cheque leaves and the debit card, or obtain a declaration where these cannot be surrendered.
- Settle any outstanding charge, and credit interest accrued to the date of closure.
- Remit the closing balance in the manner directed by the customer.
- Complete the closure within three business days of a complete request, and issue a closure confirmation.

The Bank shall not require the customer to give a reason for closure, and shall not make closure conditional on the customer accepting a retention offer.

14.4 Closure by the Bank

The Bank may close an account, after giving not less than thirty days' notice in writing stating the reason, in the following circumstances:

- Where the account has been used for a purpose that is unlawful or contrary to the terms and conditions.
- Where the customer has failed to complete periodic updation despite three notices.
- Where the customer has furnished information later found to be false in a material particular.
- Where the continuation of the relationship exposes the Bank to unacceptable regulatory or reputational risk, on the approval of the Head of Compliance.

Where an account is closed by the Bank, the closing balance shall be remitted to the customer, and the Bank shall not forfeit or withhold any part of the balance except under valid legal process.

14.5 Freezing and Attachment

The Bank shall give effect to an order of freezing or attachment issued by a competent authority. The customer shall be informed of the existence of the order and of the authority that issued it, unless the Bank is prohibited from doing so. The freeze shall be limited to the extent specified in the order, and the balance in excess of that extent shall remain available to the customer.

15. Settlement of Claims in Deceased Depositors' Accounts

15.1 Principle

The Bank shall settle claims in the accounts of deceased depositors promptly, sympathetically and without insisting on documentation beyond what is necessary. Claim settlement is a service obligation and shall not be treated as a recovery or risk event.

15.2 Accounts with Survivorship Mandate

Where the account is held jointly with a survivorship clause, the balance shall be paid to the survivor or survivors on production of proof of death, without requiring succession documentation and without requiring the consent of the legal heirs. Payment to the survivor is a valid discharge of the Bank's liability.

15.3 Accounts with Nomination

Where a valid nomination subsists, the balance shall be paid to the nominee on production of proof of death and identification of the nominee. The nominee receives the amount as a trustee for the legal heirs, and the Bank's payment to the nominee is a valid discharge of its liability. The Bank shall not require a succession certificate, indemnity or surety from the nominee.

15.4 Accounts without Survivorship or Nomination

Where there is neither a survivorship clause nor a nomination, the Bank shall settle the claim in favour of the legal heirs. For balances up to Rs. 10,00,000, settlement may be made against a claim form, proof of death, proof of relationship, an indemnity and a declaration by the claimants, without insisting on a succession certificate. For balances above that threshold, the Bank may require legal representation, and the requirement shall be approved by the Regional Head with reasons recorded.

15.5 Turnaround Time

A complete claim shall be settled within fifteen days of receipt. Where the claim cannot be settled within that period, the Bank shall inform the claimant in writing of the reason and of the expected date of settlement. Where the delay is attributable to the Bank, interest shall be paid on the amount for the period of delay at the applicable savings rate plus two per cent per annum.

15.6 Pending Instruments and Standing Instructions

On notice of death, the Bank shall stop the operation of all standing instructions and shall not honour cheques presented thereafter. Instruments received for collection prior to the date of death may be collected and credited to the account. The Bank shall record the date and source of the notice of death in the account record.

16. Deposit Insurance and Customer Protection

16.1 Deposit Insurance

Deposits held with the Bank, including savings deposits, are insured by the deposit insurance corporation up to the limit prescribed from time to time, currently Rs. 5,00,000 per depositor per bank in the same right and capacity. The premium for the insurance is borne entirely by the Bank and shall not be recovered from customers in any form.

16.2 Disclosure

The Bank shall display the fact of insurance coverage prominently at every branch and on its website, and shall include a statement to that effect in the welcome communication issued under Section 7.

16.3 Aggregation

For the purpose of the insurance limit, all deposits held by a depositor with the Bank in the same right and capacity are aggregated. Deposits held in different capacities, such as in an individual capacity and as guardian of a minor, are treated separately. Staff shall not represent to a customer that the limit applies separately to each account.

16.4 Customer Rights

Every savings account customer is entitled to:

- Fair and non-discriminatory treatment in the offering and servicing of the account.
- Clear and timely disclosure of all terms, charges and rates.
- Privacy of personal and financial information, subject to Section 20.
- Suitability of any product recommended by the Bank.
- Redress of grievances through the mechanism in Section 19, and compensation where the Bank is at fault.
- Protection against unauthorised transactions in accordance with Section 17.

17. Unauthorised Transactions and Customer Liability

17.1 Reporting Channels

The Bank shall maintain a round-the-clock reporting facility comprising a toll-free telephone number, an in-application reporting option and a dedicated electronic mail address, through which a customer may report an unauthorised electronic transaction. The reporting facility shall be prominently displayed on the Bank's website, in the mobile application and in every communication relating to a transaction.

On receipt of a report, the Bank shall immediately acknowledge it, record the date and time of receipt, issue a reference number to the customer, and block the affected instrument or channel.

17.2 Transaction Alerts

The Bank shall send an alert for every electronic transaction to the customer's registered mobile number and, where registered, electronic mail address. Alerts shall be dispatched without delay and shall carry the facility to report an unauthorised transaction directly from the alert. A customer who has not registered a mobile number shall be advised at every interaction to do so, and the absence of registration shall not be construed as customer negligence.

17.3 Liability Framework

Liability for an unauthorised electronic transaction shall be determined as follows.

Circumstance	Customer liability
Contributory fraud, negligence or deficiency on the part of the Bank	Nil, regardless of whether the customer reported the transaction
Third-party breach where the deficiency lies neither with the Bank nor with the customer, reported within 3 working days	Nil
Same, reported within 4 to 7 working days	Lower of transaction value or Rs. 5,000 for Basic and Rs. 10,000 for other variants
Same, reported beyond 7 working days	As determined under paragraph 17.5
Loss due to customer negligence, such as sharing of credentials, reported before the Bank is informed	Full, up to the point of reporting
Loss due to customer negligence, after the customer reports	Nil

17.4 Shadow Credit and Resolution

The Bank shall credit the disputed amount to the customer's account within ten working days of the report, notionally and without prejudice to the outcome of the investigation. The investigation shall be completed and the customer informed of the outcome within ninety days of the report. Where the investigation establishes customer liability, the Bank shall reverse the shadow credit after giving the customer fifteen days' notice with reasons.

Where the Bank is unable to complete the investigation within ninety days, the shadow credit shall stand confirmed and shall not thereafter be reversed.

17.5 Burden of Proof

The burden of proving customer liability in a case of an unauthorised electronic transaction rests with the Bank. Where the Bank asserts customer negligence, it shall record the specific evidence relied upon, and the assertion shall be approved by an officer not below the rank of Vice President.

17.6 Compensation

Where the Bank fails to meet a timeline in this Section, the customer shall be compensated at the rate of Rs. 100 per day of delay, credited automatically without the customer having to claim it.

18. Anti-Money Laundering Obligations

18.1 Framework

Savings accounts are subject to the Bank's anti-money laundering and counter-financing of terrorism framework. This Section states the obligations specific to savings accounts; the complete framework is set out in the Bank's AML/CFT Policy.

18.2 Transaction Monitoring

All savings accounts shall be subject to automated transaction monitoring against scenarios calibrated to the customer's risk category and expected transaction profile. Alerts generated shall be reviewed by the Financial Intelligence Unit within the timelines prescribed in the AML/CFT Policy.

Particular attention shall be given to:

- Cash deposits or withdrawals that are large relative to the customer's profile, or that are structured in amounts just below reporting thresholds.
- Rapid movement of funds through an account with no apparent economic purpose, particularly where the account retains a negligible balance.
- Credits from a large number of unrelated parties into an account held by an individual.
- Transaction activity inconsistent with the customer's stated occupation or income.
- Activity in an account shortly after reactivation from dormancy.

18.3 Reporting

The Bank shall file the prescribed reports with the financial intelligence authority within the prescribed timelines. Staff shall not disclose to a customer, or to any other person, that a report has been or may be filed, or that an account is under investigation. The prohibition on disclosure applies notwithstanding any customer request or complaint.

18.4 Record Retention

Records of the identity of customers, and records of transactions, shall be retained for a period of five years from the date of the transaction or from the date of cessation of the relationship, whichever is later. Where an account is the subject of an investigation, records shall be retained until the investigation and any resulting proceedings are concluded.

18.5 Staff Obligations

Every member of staff shall complete annual AML/CFT training and shall report internally any transaction or circumstance giving rise to suspicion, through the designated channel and without delay. An employee who reports in good faith shall be protected from any adverse consequence arising from the report.

19. Grievance Redressal

19.1 Commitment

The Bank commits to resolving customer grievances fairly, promptly and without requiring the customer to escalate. Every grievance shall be acknowledged, tracked to closure through a unique reference number, and closed only with a substantive response.

19.2 Channels

A grievance may be lodged at any branch, through the contact centre, through the complaint form on the Bank's website or mobile application, by letter, or by electronic mail to the published grievance address. A grievance lodged through any channel shall enter the same tracking system.

19.3 Escalation Matrix

Level	Authority	Resolution time
1	Branch Manager or Contact Centre Supervisor	7 business days
2	Regional Nodal Officer	14 business days
3	Principal Nodal Officer	21 business days
4	Internal Ombudsman	30 days
5	External Banking Ombudsman	As prescribed by the scheme

A customer may approach the external Banking Ombudsman where the Bank has not responded within thirty days, or where the customer is dissatisfied with the response. The Bank shall inform the customer of this right in every final response.

19.4 Internal Ombudsman

Every grievance that the Bank proposes to reject wholly or partly shall be referred to the Internal Ombudsman before the decision is communicated to the customer. The Bank shall not communicate a rejection that has not been so referred. Where the Internal Ombudsman disagrees with the proposed rejection, the matter shall be decided in the customer's favour unless the Managing Director records reasons in writing for a contrary decision.

19.5 Root Cause Analysis

The Customer Service Committee shall review grievance data each quarter, identify the ten most frequent root causes, and commission corrective action with named owners and dates. Recurrence of a root cause across three consecutive quarters shall be escalated to the Board's Customer Service Committee.

19.6 Publication

The Bank shall publish on its website, each quarter, the number of grievances received, resolved and pending, categorised by type, together with the number of cases referred to the Internal Ombudsman and their outcomes.

20. Confidentiality and Data Protection

20.1 Duty of Confidentiality

The Bank owes a duty of confidentiality in respect of a customer's account and affairs. Information relating to a customer shall not be disclosed to any person except in the circumstances set out in paragraph 20.2. The duty survives the closure of the account.

20.2 Permitted Disclosure

Disclosure is permitted only:

- Where compelled by law, or by an order of a court or a competent authority.
- Where there is a duty to the public to disclose.
- Where the interests of the Bank require disclosure, and then only to the minimum extent necessary.
- Where the customer has given express and informed consent.

Disclosure to a group entity, an affiliate or a marketing partner requires the express consent of the customer, which shall be capable of being withdrawn at any time without affecting the account relationship.

20.3 Collection and Use

The Bank shall collect only such personal information as is necessary for the purposes of the relationship, shall inform the customer of the purposes at the time of collection, and shall not use the information for any incompatible purpose. Where information is collected for a regulatory purpose, it shall not be used for marketing.

20.4 Accuracy and Access

A customer is entitled to access the personal information held about them, to obtain a copy, and to require correction of any inaccuracy. A request for correction shall be given effect within ten business days, or refused in writing with reasons.

20.5 Security

The Bank shall maintain administrative, technical and physical safeguards appropriate to the sensitivity of the information held. Access to customer information shall be granted on the principle of least privilege and shall be logged. Access logs shall be reviewed monthly and anomalies investigated.

20.6 Outsourcing

Where a function involving access to customer information is outsourced, the service provider shall be bound by confidentiality obligations no less stringent than those in this Section, shall be subject to audit by the Bank, and shall not sub-contract without the Bank's written consent. Outsourcing does not diminish the Bank's responsibility to the customer.

20.7 Breach Notification

A suspected breach of customer information shall be reported to the Chief Information Security Officer within two hours of detection. Where a breach is confirmed and is likely to cause harm to a customer, the affected customers shall be notified without undue delay, together with a description of the information involved and the steps the customer should take.

21. Roles, Responsibilities and Compliance Monitoring

21.1 Responsibility Matrix

Role	Responsibility
Board of Directors	Approval of the Policy; oversight of its operation
Risk Management Committee	Recommendation of the Policy; review of exception reporting
Product and Pricing Committee	Rates, charges and limits within the approved methodology
Head of Retail Liabilities	Policy ownership, currency and internal consistency
Head of Compliance	Regulatory alignment; Exception Register; closure approvals under 14.4
Branch Manager	Application at the point of contact; charge waivers within limit
Regional Head	Second-level approvals; oversight of branch exceptions
Internal Audit	Independent assurance

21.2 Approval Authority for Exceptions

Exception type	Approving authority
Waiver of non-maintenance charge, up to 2 per year	Branch Manager
Waiver of non-maintenance charge, beyond 2 per year	Regional Head
Account opening for a person with prior adverse closure	Regional Head
Enhanced due diligence relationship acceptance	Assistant Vice President
Assertion of customer negligence under 17.5	Vice President
Claim settlement above threshold without legal representation	Regional Head
Closure of account for regulatory risk	Head of Compliance

21.3 Monitoring

Compliance shall conduct thematic testing of savings account operations at least twice each financial year, covering account opening quality, due diligence completeness, charge levy accuracy, dormancy handling, claim settlement turnaround and grievance closure quality. Findings shall be reported to the Risk Management Committee with agreed remediation and target dates.

21.4 Key Indicators

The following indicators shall be reported monthly to the Head of Retail Liabilities:

- Proportion of accounts opened with complete documentation at first submission.
- Proportion of accounts with a registered nomination.
- Proportion of accounts overdue for periodic updation.
- Number of accounts classified as inoperative during the month, and reactivations.
- Claim settlement turnaround against the fifteen-day standard.
- Grievances received per ten thousand accounts, and the proportion resolved at Level 1.

- Unauthorised transaction reports, shadow credits issued and reversals.

21.5 Training

Every member of staff in a customer-facing role shall complete certification on this Policy within thirty days of joining and annually thereafter. Certification records shall be maintained by Human Resources and shall be a condition of continued authorisation to open accounts.

22. Policy Review and Amendment

22.1 Review Cycle

This Policy shall be reviewed at least once every financial year by the Retail Liabilities Group, in consultation with Compliance, Risk, Operations and Legal, and placed before the Board through the Risk Management Committee.

22.2 Interim Amendment

An interim amendment may be initiated at any time on account of a change in regulatory direction, the introduction or withdrawal of a product, a finding from audit or thematic testing, or a material adverse trend in grievance data. Amendments falling within the delegations in paragraph 4.3 may be approved by the Product and Pricing Committee; all other amendments require Board approval.

22.3 Regulatory Override

Where a regulatory direction takes effect before the Policy can be formally amended, the direction shall apply from its effective date and Compliance shall issue an interim instruction. The Policy shall be amended at the next Board meeting to reflect the change.

22.4 Communication

An approved amendment shall be communicated to all staff within seven days of approval, incorporated into the training curriculum within thirty days, and, where it affects customers, notified to customers in accordance with the notice requirements in Sections 10 and 22.

22.5 Version Control

The Retail Liabilities Group shall maintain the version history of the Policy in Annexure D. Superseded versions shall be retained for a period of ten years.

Annexure A: Acceptable Documents

A.1 Officially Valid Documents

Any one of the following, containing the applicant's name, photograph and address, is accepted as proof of both identity and address:

- Passport
- Driving licence
- Voter identification card
- Job card issued under a national employment guarantee scheme, signed by a State Government officer
- Letter issued by the national identity authority containing name, address and identity number
- Any other document notified by the Central Government in consultation with the regulator

A.2 Deemed Officially Valid Documents

Where the officially valid document submitted does not contain the current address, any one of the following, not older than two months, is accepted as proof of current address, subject to the applicant submitting an updated officially valid document within three months:

- Utility bill for electricity, telephone, piped gas or water
- Property or municipal tax receipt
- Pension payment order issued to a retired employee by a government department or a public sector undertaking
- Letter of allotment of accommodation from an employer, or a leave and licence agreement with such employer

A.3 Additional Documents by Account Type

Account type	Additional documents
Minor, operated by guardian	Proof of date of birth; guardian's OVD; proof of guardianship where not a natural guardian
Senior Savings	Proof of date of birth establishing age of 60 years or above
Student Savings	Current enrolment certificate or institutional identity card with validity
Salary Account	Employer mandate or letter of appointment
Club, association, society	Registration certificate, constitutional document, resolution, list of signatories
Trust	Trust deed, registration certificate, resolution, list of trustees and beneficial owners
Account through power of attorney	Original power of attorney for verification; OVD of the attorney holder

Annexure B: Turnaround Time Matrix

Service request	Turnaround time
Account opening, complete documentation	Same business day
Account opening, video-based identification	1 business day
Welcome communication	2 business days
Registration or variation of nomination	2 business days
Change of address	3 business days
Change of contact number	3 business days
Change of specimen signature	5 business days
Reactivation of inoperative account	3 business days
Transfer of account between branches	5 business days
Account closure	3 business days
Duplicate statement	3 business days
Balance or interest certificate	3 business days
Debit card replacement	7 business days
Cheque book issue	5 business days
Acknowledgement of unauthorised transaction report	Immediate
Shadow credit for disputed transaction	10 working days
Investigation of disputed transaction	90 days
Settlement of deceased depositor claim	15 days
Grievance, Level 1	7 business days
Grievance, Level 2	14 business days
Grievance, Level 3	21 business days
Correction of personal information	10 business days

Annexure C: Abbreviations

Abbreviation	Expansion
AMB	Average Monthly Balance
AML	Anti-Money Laundering
ATM	Automated Teller Machine
CDD	Customer Due Diligence
CFT	Counter-Financing of Terrorism
CISO	Chief Information Security Officer
EDD	Enhanced Due Diligence
FIU	Financial Intelligence Unit
KYC	Know Your Customer
OVD	Officially Valid Document
PEP	Politically Exposed Person
STP	Straight Through Processing
TAT	Turnaround Time
UPI	Unified Payments Interface

Annexure D: Version History

Version	Date	Approved by	Summary of change
1.0	12 April 2021	Board of Directors	Initial issue
1.1	27 October 2021	Product and Pricing Committee	Revision of Schedule of Charges; introduction of Student Savings variant
2.0	15 June 2022	Board of Directors	Restructuring of variant catalogue; introduction of graded Prime and Privilege variants
2.1	09 February 2023	Product and Pricing Committee	Revision of transaction limits; introduction of new-payee cooling period
3.0	21 March 2024	Board of Directors	Rewrite of Sections 13 and 15; alignment of unclaimed deposit treatment
3.1	18 September 2024	Product and Pricing Committee	Revision of interest slab structure; senior citizen differential
4.0	30 May 2025	Board of Directors	Introduction of Section 17 liability framework; expansion of Section 20
4.1	14 April 2026	Board of Directors	Current version. Strengthened exception governance; revised grievance escalation matrix; addition of Annexure B
